Düsseldorf, November 4, 2025 – tick Trading Software AG (tick-TS) will once again be represented at Deutsche Börse AG's German Equity Forum 2025. The company will once again be present as a sponsor and exhibitor. The team led by CEOs Martin Lüttich and Carsten Schölzki is looking forward to engaging in personal dialogue with customers, partners, shareholders, and other interested parties.

The German Equity Forum (EKF), which will take place from November 24 to 26, 2025, at the Steigenberger Airport Hotel in Frankfurt am Main, is the most important capital market conference in Germany, with over 2,000 participants. For more than 20 years, asset managers, online brokers, major international banks, and neobrokers have relied on the specialized software of tick Trading Software AG (tick-TS), which has been listed on the stock exchange since 2017, for securities trading and settlement. The EKF thus offers an excellent opportunity to exchange ideas with various stakeholders and learn about the latest software and service innovations.

Among other things, tick-TS has introduced the browser-based version of the TradeBase MX platform (TBMX) this year, and the interface for crypto trading has proven itself in practice. In addition, the service portfolio is being expanded to include consulting in the financial sector.

All customers, partners, investors, and interested parties are cordially invited to exchange ideas with the tick-TS team at the booth. Appointments can also be made in advance for detailed one-on-one discussions: ir@tick-ts.de.

About tick Trading Software AG

With the TradeBase MX platform (TBMX), tick-TS AG has been successfully providing its professional customers with one of the world's most advanced and reliable trading platforms for more than 20 years. The product portfolio includes direct connections to national and international marketplaces and brokers, market making tools for designated sponsoring, a proprietary hosting and housing infrastructure and the e-Trading Compliance Monitor (ECM) for compliance with ESMA regulations. tick-TS AG has been listed on the primary market (Regulated Unofficial Market) of the Düsseldorf Stock Exchange since 2017 (ISIN: DE000A35JS99, ticker symbol: TBX0) and is available on many other

trading venues. A special feature is the payment of the entire distributable net profit as a dividend to investors, as stipulated in the company's Articles of Association.
